

Fall School – November 21-23, 2014

Steward Learning Series 3

I attended the Steward Learning series 3 course on the weekend of November 21st to 23rd, 2014.

This course was facilitated by Robin McKenna and Susan Schmidt.

The topics were “Creating an Accommodation-Friendly Workplace” and “Disability Issues for Stewards”

Both topics were informative and enlightening, showing how far we’ve come to solving the issues, although there is a lot more work to be done.

Following the course outline, it’s made me more aware of the barriers some of our clients still face when coming to our office, and what I can do to break those, as well as how to help our employer see what could also be done.
